Isle of Palms Fire Department

Call Summary

April 2016

- 4/2/16 Personnel responded to a report of boat fire in Morgan Creek. Boat 1020 was launched and assistance from the Sullivan's Island Fire Department was requested. The crew located the boat, confirmed it was not on fire, but it had been beached on pluff mud behind a home in Morgan's Cove. The crew found foot prints leading away from the boat and after a short search the occupants from the boat were found on land. All occupants were fine and no other assistance was required. All units returned to service.
- 4/5/16 Personnel responded to a report of a watercraft in distress near Breach Inlet. Sullivan's Island Fire Department also was notified to assist in looking for a possible paddle board without a rider. Jet Ski 1001 was launched from Breach Inlet and both departments completed a search of the area. Sullivan's Island found a portion of a dock had washed ashore that resembled the description of the paddle given by the caller. After determining this was likely a false call, all units returned to service.
- 4/12/16 Personnel responded to a report of boat sinking near Caper's Inlet. Boat 1020 was launched and made radio contact with the U.S. Coast Guard. The Coast Guard received a VHF radio transmission from a vessel reported to be sinking. Multiple agencies searched the area and found nothing. After determining this was a false call, all units returned to service.
- 4/16/16 Personnel responded to a report of a vehicle on fire in the Municipal Parking Lot on Pavilion Boulevard. Upon arrival the crew found a fire in the storage compartment of a commercial paper shredder. The fire was extinguished and all units returned to service.
- 4/25/16 Personnel were assessing the beach for hazards in the area of Wild Dunes when they came upon a group of people gathered around a large object in the surf. The crew found a six-foot alligator had washed up in the surf. S.C. Department of Natural Resources was notified. Personnel stood by and after a short while the alligator swam back into the ocean. DNR arrived and determined the alligator had likely swam back out to sea looking for fresh water. All units returned to service.
- 4/30/16 Personnel responded to the area of the behind 2800 Palm Boulevard for a report of "something in the water." Upon arrival the crew launched Jet Ski 1001 to investigate. It was determined the object was a deceased giant sea turtle. S.C. Department of Natural Resources was contacted and all units returned to service.
