

PUBLIC SAFETY COMMITTEE

9:00 a.m., Monday, March 4, 2019

Conference Room

1207 Palm Boulevard, Isle of Palms, South Carolina

AGENDA

1. **Call to order** and acknowledgement that the press and public had been duly notified of the meeting in accordance with the Freedom of Information Act.
2. **Approval of Previous Meeting's Minutes**
Regular Meeting of February 7, 2019
3. **Citizens' Comments** – Request for City-sponsored event status for 100 meter Fun Run, a fundraiser to support the IOP VFW and 14th Airlift Squadron Pelican Booster Club, on Saturday, April 13, 2019
4. **Old Business**
 - A. Update on implementing a pay-to-park system on Palm Boulevard
 1. Update on stabilizing product
 2. Update on Stantec feasibility study
 - B. Update on public transit initiative
 - C. Update on Waterway Multi-use Path
 - D. Discussion of coyote management
 - E. Consideration of beach handicap accessibility
 - F. Status of engaging a law enforcement consultant to conduct an independent assessment of management operations
5. **New Business**
6. Highlights of Departmental Reports
Fire Department
Police Department
7. **Miscellaneous Business**
Next Meeting Date: 9:00 a.m., Monday, April 1, 2019 in the Conference Room
8. **Executive Session**, if needed
Upon returning to open session, the Committee may take action on matters discussed in Executive Session.
9. **Adjournment**

Public Safety Committee
11:00 a.m., Thursday, February 7, 2019

The regular meeting of the Public Safety Committee was called to order at 11:00 a.m., Thursday, February 11, 2019 in the City Hall Conference Room, 1207 Palm Boulevard, Isle of Palms, South Carolina. Attending the meeting were Councilmembers Bell and Ward, Chair Buckhannon, Interim Administrator Fragoso, Fire Chief Graham, Interim Police Chief Usry and City Clerk Copeland; a quorum of Committee members were present.

1. Chair Buckhannon called the meeting to order and acknowledged that the press and public were duly notified of the meeting in accordance with the Freedom of Information Act.

2. **Approval of Previous Meeting's Minutes**

MOTION: Councilmember Bell moved to approve the minutes of the regular meeting of January 10, 2019 as submitted; Chair Buckhannon seconded and the motion PASSED UNANIMOUSLY.

3. **Citizens' Comments – none**

4. **Old Business**

A. **Discussion of implementing pay-to-park system on Palm Boulevard**

Interim Administrator Fragoso and Interim Chief Usry met with SCDOT representatives in December to get their feedback on the City's implementing a pay-to-park system on Palm Boulevard. City Council first discussed this topic in 2014, and it was not supported then because residents, as well as visitors, would have be required to pay-to-park – some Palm Boulevard residents do not have driveways. The discussion has been revived as a source of additional revenue. The Interim Administrator suggested the first step should be a feasibility study to determine what the improved surface should be, the cost of the right-of-way improvements required by SCDOT, the removal of right-of-way impediments, on-going maintenance costs, etc.

Councilmember Bell saw the goals of a pay-to-park system on Palm Boulevard as generating revenue and getting a handle on the amount of traffic and public safety issues on Palm Boulevard. If the real goal was to reduce the number of cars parking on Palm because of the burden on public safety and public works, traffic and quality of life, eliminating parking on the landside of Palm should remain a consideration. For Councilmember Bell the focuses should be on fewer people parking on Palm, less drain on all City services and the residential quality of life; he was not convinced that the City had to spend a lot of money to accomplish them.

Councilmember Ward said that he was not interested in taking the discussion any further if residents were going to be required to pay-to-park.

Chair Buckhannon acknowledged that the City would have to make a sizable capital investment if it were to have a pay-to-park system, and he questioned how long the City would have to wait to see a return on the investment. The Committee wanted to see a grid-like product to determine if it could be used on Palm to stabilize the right-of-way, delineate the individual parking spaces and the four-foot (4 ft.) line and was advertised as being low maintenance.

Interim Administrator Fragoso recalled that, when she asked SCDOT's engineer for his opinion on eliminating parking on the landside of Palm, he responded that it would create more traffic congestion and drive cars into the neighborhoods.

Councilmember Bell asked if the City could choose certain areas along Palm to be pay-to-park, some to be no parking and some to be one (1) side only parking, and the Interim Administrator thought the City was free to do what it wanted to do in the rights-of-way.

Interim Chief Usry suggested implementing pay-to-park in phases to keep the upfront costs lower.

Rather than paying for a feasibility study, interim Administrator Fragoso suggested implementing a pay-to-park system in one (1) block to get a "ballpark" idea in order to make better decisions going forward.

Interim Chief Usry mentioned a parking app called "FlowBird" that works in conjunction with Parkeon, the kiosk provider, the cost to the City would be zero but it could generate revenue for the City. Additionally it ties in with the enforcement side of parking.

The Interim Administrator said that she would reach out to Stantec to find out what they would charge to do a micro-feasibility study of issues related to a pay-to-park system on Palm Boulevard.

Councilmember Ward reiterated that he did not think it was right to penalize people because they live on Palm Boulevard.

B. Update on public transit initiative

Interim Administrator Fragoso stated that she has a meeting with the Council of Governments on Friday, February 8th for an update on their initiative, and Councilmember Ward's CARTA meeting will be on Monday, February 11th.

- C.** Consideration of FY19 budgeted expenditure of \$247,644.75 to replace 27 portable radios and 25 mobile radios (in cars) for the Police Department (pg. 22, In 32, Police Department Capital Outlay - \$130,000; pg. 25, In 109, MUNI ATAX, PD Capital Outlay - \$65,000; pg. 28, In 263, State ATAX. PD Capital Outlay - \$65,000)

Interim Chief Usry reported that the pricing will be valid until June 30, 2020, and the timeline for all of the agencies in Charleston County to begin encryption was twelve to eighteen (12 – 18) months, and that countdown has already started. Referencing the radios the Police Department currently uses, the Interim Chief informed the Committee that they have been in use for twelve or thirteen (12 – 13) years, and, when one (1) breaks, it was discarded and not replaced because parts were not available for repairs. The price quoted is twelve thousand three hundred fifty-five dollars (\$12,355) under budget. She reiterated that, if the City does not have the radios with encryption when the switch over occurs, the Police Department will be unable to communicate with the Dispatch Center or the agencies with whom it has mutual aid agreements.

D. Discussion of coyote management

Captain Swain reported that trapping began anew last week with one (1) trap placed behind 3001 Waterway, three (3) traps at Waterway and Forest Trail, three (3) at Waterway and Timber Lane and three (3) traps near Back Bay near the 15th tee box. The traps were placed in locations where

recent sightings have occurred; the traps caught two (2) coyotes in the first three (3) days and six (6) raccoons. Consideration is being given to installing cameras on Dune Ridge Lane and the vacant lot at 13th Avenue. Captain Swain has learned that, when traps were placed in a new area, they tend to be productive initially, but that they quickly become stale and need to be relocated. He told the Committee that February was the State's trapping month.

Interim Chief Usry stated that she and Captain Swain have discussed Ms. Kimber's phone conversation with the Communications Specialists insuring that they give the residents the correct information and that the call gets directed as requested.

The Interim Chief also confirmed that Captain Swain is maintaining contact with the Coyote Coalition.

E. Consideration of beach handicap accessibility

In her research, Interim Chief Usry found that not many beach communities were allowing motorized handicap equipment on the beaches in spite of a State statute that allows them. In order for a motorized mode of handicap transportation to be on the beach, the golf cart must be registered with the State, the driver must have a handicap permit and the City would issue a handicap permit listing all of the pertinent data and establish rules like Sullivan's Island has. These rules would only allow use during daylight hours, require that it stay within fifty (50) feet of the beach access used, would not be allowed to drive up and down the beach, not allowed to linger on emergency beach access paths, and any other violations of the South Carolina golf cart law.

Councilmember Bell opined that the City was going to expand the number of parking spaces if it was going to allow motorized modes of transportation on the beach for handicapped individuals.

Interim Administrator Fragoso asked for an additional month to prepare a proposal for City Council.

6. New Business

A. Status of engaging a law enforcement consultant to conduct an independent assessment of management operations

The Interim Administrator said that she has several calls lined up and that she will continue to talk with people in the industry to get recommendations for someone who could be hired in the next few weeks. She also reported holding a meeting with the members of the Police Department where this initiative was announced and well received.

Interim Chief Usry added that, in the meeting, she announced her retirement to assist her mother and to spend time with her terminally ill father; it will be effective May 15th.

B. Consideration of providing transport to hospital for medical calls

Chair Buckhannon repeated his support for the City to have a quick response vehicle (QRV) and took it one (1) step further to the City having a vehicle for transporting people from the island to the hospital.

Chief Graham reported talking with members of the Hanahan Fire Department; they indicated that their biggest pro was that they felt they have increased their level of care. She reviewed the things she learned as follows:

1. Start with “basic life support” level of care, i.e. 2 EMTs on board;
2. Flat charge for transport, plus mileage, \$75 no transport fee;
3. Approximately \$250,000 to fully outfit one diesel ambulance;
4. Approximately \$30,000 for backup ambulance;
5. Approximately \$28,000 for a cardiac monitor; and
6. An ongoing cost for supplies.

The City’s current report-writing software is compatible with several of the billing software programs available, but the City would need to contract with a billing company that would charge between five and eight percent (5% - 8%) and insure compliance with Medicare billing guidelines. The billing could vary between urban, rural and super-rural addresses; billing has a forty or fifty percent (40 – 50%) success rate.

If Council were to pursue offering this service, the service must be available seven (7) days a week and twenty-four (24) hours per day, and the department would need two (2) persons who would rotate with the balance of the crew to maintain their skill levels.

The City should determine if it has issues with Charleston County transport before making a decision and determine what type of calls the Department sees most frequently that require the services of an ambulance.

C. Discussion of FY20 Operating Budgets for Fire and Police Departments

Copies of the documents reviewed are attached to the historical record of the meeting.

For each department a two and a half percent (2.5%) pool has been established for employee wage increases for the FY20 budgets; it will be discussed by the Personnel Committee at its February meeting. Health insurance premiums are projected with an eight percent (8%) increase. Few changes have been made in the FY20 budget from the FY19 budget; decreases are derived from actual expenditures. This version of the budget does not contemplate an increase to vehicle fuel and oil; the expenditure can be adjusted as the process moves forward. Vehicle Maintenance has been increased to fifty thousand dollars (\$50,000) to support extending the useful life of patrol vehicles to seven (7) years.

Chair Ward reported that he and the Interim Administrator have discussed the expense to the City for the annual July 4th fireworks display, primarily in wages and overtime. The Interim Administrator and the Treasurer will generate a schedule of costs associated with the fireworks display.

Chair Buckhannon stated that he would support cancelling the display, particularly since the City was not fully staffed at this time; he noted that, in spite of being fully staffed last year, the Police Department called in several Charleston County units to help with traffic.

Chief Graham recalled that the City was locked into the same cost for the display as the past two (2) years, but this would be the final year. If the City were to decide to continue with the fireworks, the cost would increase in 2020.

The budget for the BSOs assumes the same staffing levels as the summer of 2018. A server damaged in the last storm event will be replaced by the funds in the Non-capital Tools and Equipment line of the Capital Projects budget for the Police Department. The budget figure in Maintenance and Service Contracts is the first money budgeted for the building's ongoing maintenance and is roughly one-half ($\frac{1}{2}$) of one percent (1%) of the insured value of the Public Safety Building (PSB); the other half is budgeted for the Fire Department. The line also includes twenty-five percent (25%) of the estimated cost of repairs to the PSB.

Contracted Services in the Municipal Accommodations Taxes includes the services of two (2) off-duty Charleston County officers to assist with traffic on Saturdays and Sundays in the season and their increased hourly rate. The Capital Outlay line includes twelve and one half percent (12.5%) of the total cost to rehabilitate the PSB.

Professional Services and Capital Outlay in the Hospitality Fund have been decreased based on actual expenditures.

Chair Buckhannon reminded Interim Administrator Fragoso that he would prefer that the City invest in "real-time" traffic counters from Hospitality Funds.

A second twelve and a half percent (12.5%) of the total estimated rehabilitation of the PSB was budgeted in Capital Outlay in State Accommodations Taxes along with the replacement of the Front Beach surveillance cameras and two (2) patrol vehicles rebudgeted from FY19.

The Interim Administrator reported that the State and Federal Narcotics Funds are being closed.

Of the sixty-one percent (61%) increase in Police Department expenditures, the biggest piece is the repairs to the Public Safety Building.

Councilmember Bell recommended that an explanatory line be added to the schedule stating that the increase in Police Department expenditures is heavily impacted by the repairs to the Public Safety Building.

The expenditures in the Fire Department also include the two and a half percent (2.5%) pool for employee wage increases, and overtime is fourteen percent (14%) of wages; six percent (6%) of the overtime is scheduled overtime, the overtime that falls to each firefighter as they work twenty-four (24) hours on and forty-eight (48) hours off throughout the year.

Councilmember Bell reiterated his request to separate "scheduled" overtime from discretionary overtime to avoid confusion by the public who do not know how the Fire Department operates.

In the Capital Projects Fund is the debt service and interest for the new 75-foot ladder truck, fifty percent (50%) of the cost to refurbish the 95-foot ladder truck and twenty-five percent (25%) of the total cost to rehabilitate the PSB. In the Rents and Leases line is the cost to rent the construction/office trailer for the Fire Department's administrative staff for twelve (12) months.

Chair Buckhannon asked why the Fire Department staff did not move to Fire Station 2 rather than renting the trailer.

According to the Interim Administrator, re-locating to Station 2 was considered, but was not a viable option due to the limited parking and to the small office space available there.

The Capital Outlay line in the Municipal ATAX fund includes twenty-five percent (25%) of the cost to refurbish the 95-foot ladder truck, the replacement of one (1) Ford F-150 pickup truck and twelve and a half percent (12.5%) of the total cost to rehabilitate the Public Safety Building.

7. Departmental Reports

The reports can be found in their entirety on the City's website.

Relative to the white chalk line, Interim Chief Usry informed the Committee that the Department will begin with a double white line on the non-ocean side of Palm.

8. Miscellaneous Business

Next Meeting Date: 9:00 a.m., Tuesday, March 5th in the City Hall Conference Room

9. Executive Session – not needed

10. Adjournment

MOTION: Councilmember Bell moved to adjourn the meeting at 11:30 a.m.; Chair Buckhannon seconded and the motion PASSED UNANIMOUSLY.

Respectfully submitted:

Marie Copeland
City Clerk

Good afternoon sir, my name is John Turbyfill. I am a C-17 Pilot at Joint Base Charleston and the Treasurer for the 14th Airlift Squadron Pelican Booster Club. I am contacting you by direction of Marie Copeland concerning an upcoming event that we would like to host on the beachhead in front of the Isle of Palms VFW.

The Pelican Booster Club is currently in the process of planning and coordinating a 0.1k Fun Run on the beachhead in front of the Isle of Palms VFW. Our event is simple. We wish to have a 100 meter "race" running northeast on the beachhead starting just outside the VFW dune crossing and ending just short of Coconut Joes. We plan to serve drinks and breakfast before the event and afterward. There will be yard games, raffles, and music. The event is scheduled for the 13th of April beginning between 8 and 9 and ending sometime shortly after noon. We have already been given the go-ahead by the VFW Post and the owner of the Windjammer.

I know that in the past the Safety Council has approved the Navy SEAL swim event at the VFW. Although both organizations support military groups, our events are different in the scope and size of their nature. While the Navy SEAL event focuses on obstacle courses, swimming in the ocean, and utilizing Coast Guard support, our event will remain completely within the confines of the VFW and Windjammer premises and a small span of beach approximately 150 meters in length during the time of the race.

We are very conscious of the impact that this event could have on the local community. With that spirit in mind, we have planned the fun run with materials and locations that respect Isle of Palms and its residents. We have referenced the tide schedule to ensure that we do not block the beach to passersby and intend to use environmentally conscious materials such as reusable signage. We would like to advertise the event to the local community and would love participation from residents. At the end of the event, we will be certain to clean up any items that were used and we will leave the beach area in a better condition than we found it.

Proceeds from the event will support the 14th Pelican Booster Club which supports the family members of the squadron, deployed squadron members, and squadron events. The majority of funds raised from this event will go toward a biannual awards ceremony, "The Order of the Pelican." The Order of the Pelican recognizes former squadron members that have gone beyond the expectation of the average service member. All inductees are retirees and the order includes distinguished individuals including chief master sergeants, generals, and medal recipients. We are currently considering partnership with a local charity as a recipient of funds from the event profits as well.

We are planning to attend your meeting on the 4th of March at 9:00 am to present our proposal. Although I am the project officer for this event, I will be out of state at that time for extended training and unable to attend. Instead our Squadron Commander, Lt Col Kari Fleming, or our Director of Operations, Maj Geoff Goldsmith, will be present at the meeting. To better assist you all in understanding the event, I would love to answer any questions that you might have at this time. Please feel free to utilize whatever form of communication best suits you. All of my personal contact information is listed below.

Thank you very much for your time and consideration of the event. Have a great day!

Very Respectfully,

1st Lt John P. Turbyfill

14th AS Pelican Booster Club Treasurer

To: MAYOR CARROLL, CITY COUNCIL and INTERIM CITY ADMINISTRATOR FRAGOSO
From: INTERIM CHIEF USRY
Subject: MONTHLY REPORT February 2019
Date: March 1, 2019

The following is a synopsis of some of the activities of the Isle of Palms Police Department during the month of February.

February 2 – Saturday

Open Container – Pavilion Drive / J C Long Boulevard

An officer on patrol observed a vehicle that had a strong odor of marijuana emitting from it. As the officer turned around to stop the vehicle, it abruptly drove off but was located in the parking lot of the local convenience store. Contact was made with the driver, who smelled strongly of marijuana, but admitted to smoking all that he possessed. Contact with the passenger determined that she was in possession of an open container of beer, which attempted to hide from the officer. The passenger was issued a citation for open container with a court date in the Isle of Palms Municipal Court.

February 3 – Sunday

Vandalism/Public Intoxication – Ocean Boulevard / Sea Cabins Area

Officers responded to a report of a male subject who had punched the rear window of a vehicle causing it to break. Officers located the subject and determined that he was intoxicated. The owner of the vehicle was located, and it was determined that she wished to pursue charges against the subject. The subject was arrested, charged with disorderly conduct, malicious injury to real property and transported to the Al Cannon Detention Center.

Disorderly Conduct – 1000 Block Ocean Boulevard

On officer on patrol observed a male subject urinating in public on the sidewalk. As the officer approached the subject he began to walk away, but the officer stopped him. The subject was issued a citation for disorderly conduct with a court date in the Isle of Palms Municipal Court.

False Pretense/Swindle/Confidence Game – 22nd Avenue

A victim reported that she had made arrangements to rent a home for two months via an advertisement she found on Craigslist. The victim paid approximately \$3,700 via PayPal. When the victim arrived at the home, she discovered that it was not a rental property. This case has been assigned to CID for further investigation.

February 4 – Monday

Petit Larceny – 700 Block Ocean Boulevard

A victim reported that he had put his phone down on the deck while he was working and when he went to retrieve the phone it was missing. The victim believes that another worker in the area may have picked up his phone. The suspect had already left the jobsite when the incident was reported. The approximate dollar amount stolen is \$900. This case has been assigned to CID for further investigation.

February 5 – Tuesday

Petit Larceny – 2100 Block Waterway Boulevard

A victim reported that he had placed his leaf blower outside his fence and upon returning to finish his yard work found the leaf blower missing. The victim was able to provide the make, model and serial number for the leaf blower, which was entered into NCIC as stolen. The approximate value of the stolen item is \$200. This case has been assigned to CID for further investigation.

February 10 – Sunday

Theft from Buildings – 53rd Avenue

A victim reported that the suspect, who is a former friend, whom she had visiting her stole several household items from her residence and left without any notice. The victim also stated that the suspect vandalized her vehicle by scratching the paint, ripping off the gas cap door and slashing multiple tires. The items taken were a purse, knife set, sculpture and other miscellaneous items. The approximate value of the items taken and damaged caused is \$12,350. This case has been assigned to CID for further investigation.

Drunkenness – J C Long Boulevard

Officers responded to a report of a collision of a golf cart into a section of fencing. Witnesses reported that the driver of the golf cart walked away. An officer patrolling for the driver located her in the 200 block of Carolina Boulevard and observed her to be intoxicated. The female subject became uncooperative with the officer and attempted to walk away. The subject was arrested, charged with disorderly conduct and leaving the scene of an accident with property damage. She was transported to the Al Cannon Detention Center.

February 11 – Monday

Burglary – 700 Block Ocean Boulevard

A victim reported that unknown persons stole hardwood flooring from a construction site where he was working. The victim determined that approximately 25 boxes containing cedar hardwood flooring had been stolen during the night. The approximate value of the stolen item is \$4,600. This case has been assigned to CID for further investigation.

February 14 – Thursday

Livability Offense – Illegal Dumping – 57th Avenue

An officer assigned to Livability responded to a report of illegal dumping on the state right of way near 57th Avenue and Palm Boulevard. The officer determined that the wood and screen had been discarded from a residence across the street. It was also determined that no permit was issued by the Building Department for the construction repairs. Contact was attempted with the property manager and the Livability Officer will continue investigation.

Drug/Narcotics Violation – 1500 Palm Boulevard

An officer conducting a business check at the Island Center observed a vehicle parked behind the business with its lights off and a subject sitting inside. As the officer approached, the vehicle lights came on and the vehicle attempted to drive away, but the officer stopped the subject. Contact with the driver determined that there was an odor of marijuana emitting from inside the vehicle. The officer located approximately 1.7grams of marijuana and the subject was issued a citation for simple possession of marijuana with a court date in the Isle of Palms Municipal Court.

February 17 – Sunday

Destructive/Damage/Vandalism of Property – 25th Avenue

Officers responded to a report of a hit and run collision for a vehicle that had just left a residence. Investigation determined that the driver of a red jeep, who was reported to be intoxicated, struck two vehicles while attempting to leave. The driver then drove through the yard, running over a palm tree and damaging the sprinkler system. The red jeep was located several blocks away but was abandoned. Arrest warrants have been obtained for the driver of the jeep for driving under suspension, reckless driving, malicious injury to real property, and leaving the scene of a collision with property damage.

February 18 – Monday

Theft from Motor Vehicle – 700 Block Carolina Boulevard

A victim reported that unknown persons entered her unlocked vehicle and stole several items. The items stolen were assorted tools, sunglasses, radar detector and cash. The approximate value of the items stolen is \$2,740. This case has been assigned to CID for further investigation.

February 19 – Tuesday

Motor Vehicle Theft – 800 Block Carolina Boulevard

A victim reported that unknown persons stole his vehicle that was parked in this driveway. It was determined that the vehicle was unlocked, and the keys had been left inside. The vehicle was entered into NCIC. The approximate value of the stolen vehicle is \$1,200. This case has been assigned to CID for further investigation.

February 23 – Saturday

Drugs/Narcotics Violation – 1300 Block Ocean Boulevard

An officer on patrol observed an odor of marijuana emitting from a vehicle that was parked. Contact was made with the occupants of the vehicle and one subject admitted to still having some marijuana in their possession. The officer seized 0.8grams of marijuana from the pocket of the subject. The officer also located a handgun under the backseat of the vehicle. The subject was placed under arrest for simple possession of marijuana, unlawful carrying of a handgun and transported to the Al Cannon Detention Center.

Community Service Activities / Notable Mentions

During the month of February 2019, Officers issued fifty-one “Property Security Check Notices” and seven “You Could Have Been a Victim of a Crime” notices.

February 19 – FTO James Couche assisted a resident from Charleston with the inspection, education and installation of a child safety seat.

February 27 – Detective Louise Hardy, Captain Swain, Sergeant Kraig Thompson, Sergeant Jamey Meekins and FTO James Couche attended Coffee With A Cop event held at Harris Teeter. Officers met with residents to have open conversations regarding their concerns and to build stronger relationships with the community we serve.

**Isle of Palms Police Department
FEBRUARY 2019**

During the month FEBRUARY 2019, the Consolidated Dispatch Center received and dispatched 3293 calls for service to the four (4) public safety agencies of Isle of Palms and Sullivan's Island, and the National Park Service. The following is a breakdown of activity by department.
