Comments for Council Meeting

Comments never read at the meeting Council Voted out a long time small business for personal reasons.

Its is unfortunate that I must start this comment with "I am very disappointed and quit honestly embarrassed by your actions over the last 2-3 years. But since the Corona virus has hit, Council has escalated my negative feelings about your performance. You have turned into a Council of personal objectives, repeatedly dismissing Residents overwhelming input.

Not so Hidden Personal Agendas are everywhere!!!! Councils contempt for its Residents is disturbing. We are not Morons!!!!

Mayor Carroll and City Manager Fragoso. You have lost control of the ship. Who is in charge????? RB!!

Since you have thrown out the Residents input on the future of the marina and continue to reference untrue data from that night, it makes it clear you have NO interest in what we want.

As for your meeting regarding Tidalwave, I strongly suggest you pay more attention to over 100 people who showed up at 8:00am to support Tidalwave vs one out of touch Councilmember. Our wishes are very clear... FIGURE IT OUT!!!

So disappointed. Between the Beach and Tidalwave, you have the Island the JOKE of the low Country.... So proud to live here..not!

Your Hiding from the public behind Executive Sessions

Unfortunately again. I doubt this will make any impact at all.

Best

Jim Golden

Comments for Council Meeting

I had hoped that today you would be discussing plans that would give Tidalwave an opportunity to stay on IOP, either by renegotiating a lease with them or by issuing an RFP that could give them an opportunity to compete for the watersports dock. Since that is not on the agenda, I hope you will be mindful that Tidalwave supporters will not forget those Council members who turned their backs on Tidalwave and on resident input. We are watching everything that Council does, especially those things which impact the City's budget. We're not prepared to sit idly by just watching as some private group, supposedly with private funds and manpower, decides what they think is best for the marina area. I had a good laugh this morning when I saw News5 saying, "Isle of Palms Mayor Jimmy Carroll said he'd like to see a park there, but he would ultimately listen to the residents of the island." That would be a switch! I trust that the Real Property Committee will do the right thing, even if you cannot get a unanimous vote regarding next steps for the Marina.
