Comments for Council Meeting

Members of the Recreation Department and City Council,

My name is Ann Maughon and I am a 32 year, taxpaying, year round resident of Isle of Palms. I want to begin by saying thank you for the wonderful job that all of you do. Our City Council is persevering through some difficult times and our Recreation Department continues to excel even during Covid-19.

My five year old grandson has enjoyed playing soccer through the Recreation Department and is excitedly looking forward to playing T-ball. The one thing he doesn't seem to be able to do is attend summer camp because he doesn't live 40 miles away from me.

As a grandparent, whose grandchildren typically visit one to two weeks a summer, without their parents, I would love for all of them to have the opportunity to experience summer camp on IOP, regardless of where they live. I do realize that with the current lottery system my grandchildren may not even be chosen. I would like the opportunity, however, to register them for a maximum of two weeks. My 7 and 9 year old grandchildren have always looked forward to summer camp on IOP and I know my 5 year old grandson would love it and Ms. Cathy also.

Thank You,
Ann Maughon
