NOTE 1: <u>For illustrative purposes only</u> the Marina Enterprise Fund is presented here in the same format as the other funds. For internal and external accounting and reporting purposes however, the Marina Fund follows the accounting rules of a forprofit business and includes proceeds from debt as a liability (not revenue) and capital additions as assets (not expenses). Total expenses on council summary will not tie to overall fund summary total expenses tab by (\$238,140) due to adjustments for Marina's fund depreciation \$330,860, capital items (\$300,000) and debt service principal payments (\$269,000). Marina includes \$1.5M dredging project which is 100% of budgeted amount funded by SC State Budget Allocation grant rec'd in FY23.

NOTE 2: The Capital Projects Fund expenses relate to funding drainage improvement on Palm Blvd between 38th and 41st (\$1,850M) and Waterway Blvd multi-use path (\$1,480M). Assumes funding from SC State Budget allocation of (\$1M) grant awarded in FY24 - 50% to each project, (\$1.250M) SC State Budget allocation grant awarded FY25 to Palm Blvd, and reimburseable FEMA grant of (\$980K) to Waterway. This leaves \$100,000 not cover by grant in the Capital Fund. Additionally the Capital Fund has been increased to cover the operational cost for the Marina Public Dock.

NOTE 3: The Municipal Accommodations Tax Fund Balance expenses are related to Dominion Energy electric underground lines (\$131k), Marina -Pubic Greenspace (\$50K), Parking lot (\$75K) and transfers to General Fund.

NOTE 4: The decrease in the Hospitality Tax Fund Balance relates primarily to funding PW rear loader (\$106,667) and transfers to General Fund.

NOTE 5: The decrease in the State Accommodations Tax Fund Balance relates to cost for Waterway Blvd Multi-Use Path Elevation (\$520K). Also funding PW rear loader (\$106,667) and transfers to General Fund.

NOTE A: Governmental Accounting Standards Statement No. 96 required the City to recognize principal and inputed interest payments on long term agreements related to subscription-based information technology arrangements (SBITAs). At the end of FY23, the City had eight such arrangements including Police body-worn and in-car camera systems, Fire Dept training and scheduling systems, parking citation software, Rentalscape short term rental monitoring software and VC3 technology management services. Future annual payments shown here can change, according to each specific agreement (increase by the CPI Index, increase/decrease due to # of users, etc).
