The applicant has indicated that there will be no business-related traffic coming to the house and no work at the home other than office work. She has indicated that there will be no exterior evidence of a business and no employees working at the house."

The applicant, Allison Killian, said there will be no signage on the home or her vehicle to indicate she has a business in her home. She said her clients have no reason to come to her home.

Ms. Gower seconded the motion. The motion passed unanimously.

Administrator Kerr said he will need to write an order with the "findings of fact that each of the five or six criteria were met for the granting of the variance. And would you all, the stumbling

block is always number three, because of these conditions, the application of the ordinance on the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property. In my drafting of the order, would you all say that you all are finding that you are seeing safety concerns in not having the front door?”

Board members approved. The order will be presented to the Board members for approval at the next meeting.

**VOTE:        A vote was taken with all in favor.**

**6.        Adjournment**

Ms. Wheeler made a motion to adjourn, and Ms. Gower seconded the motion. The meeting was adjourned at approximately 4:12pm.

Respectfully submitted,

I make recommendations on lodging (AirBnbs, hotels), restaurants, tours, guides, sightseeing, transportation, and offer practical tips on how to navigate the differences in American life and life abroad, such as electrical current and appliances, driving on the opposite side of the road, understanding the EU regulations regarding thermostat control in your hotel, etc. I also conduct interviews with guests who travel with me and with interesting people I meet on my travels, chefs, restaurateurs, shop owners, artists, etc.

My entire business is conducted using a laptop computer, recording and streaming software and two very small microphones for recording. I videotape using my mobile phone. My podcast is currently available on all streaming platforms. I will be setting up my YouTube channel, Instagram and website in the next month.
