Isle of Palms Fire Department

Call Summary February 2018

2/4/2018

Personnel responded to a report of kite boarders in distress and stuck off-shore between the Isle of Palms and Sullivan's Island. Both Isle of Palms and Sullivan's Island fire departments responded with jet-skis to perform a water rescue. Sullivan's Island fire personnel sent their jet-ski to make contact with the kite boarders. It was found that all persons involved were ok and returned back to the beach without incident. All crews were released from the call and returned back to service.

2/10/2018

Personnel responded to a traffic accident which had occurred at 14th and Palm Boulevard. Upon arrival, crews found that both vehicles had moved off of the road and were found in separate parking lots. It was found that there were no injuries and there was no need for medical care. Fire crews assessed the vehicles for any possible hazards that may have resulted from the accident. Once it was found that everything was ok, all crews cleared from the scene and returned back to service.

2/15/2018

Personnel responded to Oak Harbor Boulevard for a smell of gas in a residence. Crews were unable to locate anyone at the home. Fire crews surveyed the exterior of the home using a gas meter. No trace of gas was found. Fire crews were provided with a door code allowing them to enter the structure and investigate. All areas of the house were checked with the gas meter with special attention given at the appliances which utilize gas. No trace of gas was found inside the house. Fire crews secured the exterior gas storage tank. The general contractor was advised of all actions that had been taken and was asked not to restore gas to the home until a qualified technician could check the system. All crews were released from the call and returned back to service.

2/19/2018

Personnel responded to the Harris Teeter parking lot for a report of an automobile versus pedestrian accident. Upon arrival, crews found an individual leaning against a car holding their arm. The driver of the car stated that the vehicle was moving slowly and that the side mirror must have made contact with the patient. The patient complained of pain in the left shoulder, left ankle, neck, and back. Patient assessment was initiated and patient care was transferred to Charleston County EMS. All crews returned back to service.
