**Comments for Council Meeting**

I am absolutely appalled to hear that the City Council of IOP continues to ignore the law which states that all SCDOT controlled roads, and that would include Palm Blvd., are lawfully to be used by the public for free and fair access to our public beaches. The Council apparently continues to restrict free and fair and LEGAL access to the public beaches for which I pay my taxes. I am a single issue voter and will be watching every action by every politician who is behind this blatant disregard for the SCDOT mandate to keep all public rights of way like this open to the public for maximum access to the beaches of IOP, Sullivan's Island and Folly Beach, to name just the few that I visit. This is a blatant thumb in the eye of the SCDOT and I want to see it stopped and will vote accordingly when the time comes and take all legal action to reverse this misguided policy by the City Council.
