7 Wills Way, Isle of Palms, South Carolina 29451

Comments for Council Meeting

On Friday May 14, the residents of Wills Way had a block party for our neighbors and friends. Unfortunately our street, which is a local road, has a lot of cracks and potholes. We had to put plywood over one of the largest potholes in order to insure the safety of the individuals attending. We have lived on Wills Way for almost 32 years and there has never been any repairs or maintenance to our street. I am including a picture of the pothole and our remedy to keep people safe. Our street needs repaving before it all cracks up and has to be rebuilt. Apparently I cannot attach the photos.

Meeting This Comment is Intended For:

Public Works Committee
