Comments for Council Meeting

I would love to get some help. I have not been successful after multiple attempts. I simply want a trash can without holes in the bottom. I am willing to pay for it. No one will respond to my voicemails, emails and pleas.

How do I get a new trash can? Please see my correspondence with pictures sent to Dir Pitts:

Hi Donnie,

I had spoken to you a few weeks ago. I also left a voicemail with no response.

I recently purchased and moved into 19 24th Ave. I inherited this trash can as you can see in the attached photos. It has holes in the bottom. Today I found animals had gotten into and am extremely frustrated with no response from Public Works.

Can you please help me?? I want a new trash can and, as I left in my message and told you on the phone, I am willing to pay for it if that is the only way to get one.

Please let me know how to make that happen?

Thank you,

Sherry Welsh
