

## **Public Works Department**

### **Monthly Report for April 2019**

Based on the volume of miscellaneous garbage, fifty-one tons (51 T.), the Director thought that residents must have been in spring cleaning mode in April. He noted that the yard debris appeared low in comparison, but he reminded the Committee that a storm hit the island the year before last that skewed the numbers for that year. While the crews are still on once a week garbage collection, they try to mow and maintain the rights-of-way; they were mowed twice in April. The parking lot was mowed three (3) times and the 41<sup>st</sup> Avenue ditch once. He noted that the Mobi-mat put at the Front Beach boardwalk is problematic, and since the area has not had any rain, the soft sand is quickly covering the mobi-mat and making a big hump. He said that he and his crew would continue to do what they can to keep the mat level. The Hazardous Material Collection and Shred Day was held on April 27th, and, as usual, the response was very good; the list of items collected is attached. The cost of vehicle maintenance in April was nominal at approximately seven hundred thirty dollars (\$730), but the Director believes that the year will end right at or slightly over budget.
