

RESOLUTION

WHEREAS, the City of Isle of Palms realizes that it has a responsibility to provide a safe work environment for its employees and that each pursues the highest standards in his or her assigned activities, all municipal employees must recognize that the well-being of the persons involved in the protection of our physical resources are as important as the activity and work being performed;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ISLE OF PALMS AS FOLLOWS:

The City has established a safety and loss control program, which is monitored on a continuous basis. As the first segment of the City's program, a safety coordinator was appointed and assigned the responsibility of organizing the overall safety and loss control efforts.

A safety committee was created to establish a loss control program, review losses and loss trends, make recommendations for prevention and assign other safety responsibilities as needed. This committee is guided by the safety coordinator and its members include each department head or designee.

Each department head director will be responsible for the safety and health of the employees in their department, as well as the required maintenance of facilities and equipment in their area of responsibility. Each employee will be responsible for their own personal safety and for the safe completion of assigned tasks. The City requires its employees to respond to all planned safety efforts and to perform their assigned jobs in the safest manner possible.

The City of Isle of Palms is committed to doing all in its power to make its safety and loss control program a success and expects all employees to assist in this effort by contributing expertise and by following all established rules and procedures.

PASSED AND APPROVED BY THE CITY COUNCIL FOR THE CITY OF ISLE OF PALMS, SOUTH CAROLINA, ON THE 26th DAY OF JANUARY, 2016.

Richard F. Cronin, Mayor
